# Message From The President

Dear WMRRR Racers, Volunteers, Sponsors, and Fans,

We're officially at the halfway point of the 2025 WMRRR season—and what a ride it's been so far! From thrilling battles on track to the incredible sportsmanship in the paddock, this year is shaping up to be one of our most exciting seasons yet. Your passion, dedication, and energy are what make this community so special, and I want to thank each and every one of you for being part of it.

We also want to extend a heartfelt thank you to our sponsors. Your generous support allows us to keep this sport alive and thriving. From funding our initiatives to helping us improve the overall race experience, your commitment to the WMRRR community is invaluable. We're proud to have your names alongside ours and grateful for your belief in what we do.

Equally important are the vendors who show up race after race, spending their weekends with us and supporting our races. Whether it's tire services, gear, or knowledge—your presence enhances every event. You keep us rolling (literally) and your expertise and effort are deeply appreciated by all of us in the WMRRR paddock.

So whether you're fighting for a championship or just pushing your personal best, you're contributing to the spirit of WMRRR racing: competitive, safe, and built on respect. I also want to recognize the volunteers, officials, and corner workers—your time and commitment are the backbone of every successful weekend. We truly couldn't do this without you.

As we gear up for the second half of the season, let's keep the momentum strong. Support each other, ride smart, and remember why we're all here: for the love of racing.

See you at the next round!

Sincerely,  
**Kumpy Kump**  
President, WMRRR

**WMRRA Racer: Rich Kim**

**Race Number: #63**

**Lives in Seattle, WA**

**When did you start racing, how long have you been racing?**

I started in 2006, but wasn't ready. I restarted in 2009 and have been at it ever since.

**How did you get into racing?**

It was after a charity event called the Seattle 100 in 2005 put on by 2-fast. It basically set the hook to pursue motorsports.

**What bike(s) do you ride/classes do you race in?**

Honda, always Honda. I've been riding in the 600cc classes the entire time.

**What have been your greatest accomplishments in racing?**

Off track, I made a good many friends that i'll have forever. On track, I actually won a class championship, clubman, one year.

**What do you tend to work on the most, what do you struggle with?**

Time management, body position, and budgeting.

**What advice did you receive when you first started that you found to be the most helpful?**

Listen to all the advice given, try what sounds good, always be thankful for the suggestions.

**What would you tell someone who wants to race or is just getting started?**

Know that all your disposable income will vanish, you will always want to be faster than you are, get in good physical shape.

**What does WMRRA mean to you?**

An extended family beyond the track. Brothers and sisters that want to help me and that I want to help.
