1

00:00:00.410 --> 00:00:02.340

Tico Sandoval: Okay, we are recording.

2

00:00:02.950 --> 00:00:09.120

Owner: Okay. So just to repeat, we're missing. Mallory, as she already contacted me, said, she will be

3

00:00:09.710 --> 00:00:23.540

Owner: out this one. She's in Europe, and she will be attending the next one, and then also talk to Damon. Damon is out also because of work. He's gonna work through the night for Puget sound something like that. So he's out. So we're missing anyone else from

4

00:00:23.650 --> 00:00:25.040

Owner: the e-board.

5

00:00:25.040 --> 00:00:26.089

craig: Just Emily.

6

00:00:27.920 --> 00:00:28.770

craig: Nope.

7

00:00:29.060 --> 00:00:30.120

Cj: Danielle know.

8

00:00:30.340 --> 00:00:31.450

craig: Oh, that's right.

9

00:00:31.810 --> 00:00:34.170

craig: I thought it was a tag team effort.

10

00:00:36.400 --> 00:00:40.669

Owner: Okay, cool. So I guess we are good to get started. Everyone good to get started.

11

00:00:41.960 --> 00:00:43.350

Cj: Yeah, yeah.

12

00:00:43.860 --> 00:00:45.564

Owner: Alright. Well, 1st thing

13

00:00:46.010 --> 00:00:56.659

Owner: I think I got a lot of feedback from you guys. And one of the main things is, these meetings run too long. So we're gonna try to run as quick as possible. I don't really have. I'm not really quite as

14

00:00:56.720 --> 00:01:01.720

Owner: wordy as as cold can be, and you know I don't have any profound

15

00:01:01.800 --> 00:01:07.120

Owner: words of to say about anything, but we'll just rip through all this and kind of go from there.

16

00:01:07.839 --> 00:01:30.759

Owner: How I'll go through it is. I'll talk about some of the things that I've gone through already. Then we'll pass it on down to Cj. And then pass it down to Tico, and then kind of go down the list, and then we can all talk about it. If things need to get voted on, we will vote upon that, and then kind of move on but primarily, as of right. Now, our main focus of this meeting is going to be around

17

00:01:31.678 --> 00:01:34.070

Owner: is gonna be around

18

00:01:35.100 --> 00:01:36.570

Owner: the

19

00:01:37.430 --> 00:01:44.230

Owner: the schedule for next year, which is pretty much solidified, and the banquet and I've also invited

20

00:01:46.080 --> 00:01:47.690

Owner: I've invited.

21

00:01:48.520 --> 00:01:49.110

Tico Sandoval: During.

22

00:01:49.780 --> 00:01:56.140

Owner: Turin. Yep, to talk about the banquet, because he is kind of in charge of the banquet for this one. So

23

00:01:56.270 --> 00:02:08.410

Owner: let's get started just to let you get let you guys know Ridge documents are signed. We are good to go and deposit is sent out to them. We are secured for April 18, th

24

00:02:08.550 --> 00:02:18.963

Owner: through 20th June 20th to 21st and July 18, th through 20, th and those are the dates we had tentatively talked about. It was already in place. We are good to go there. Pacific.

25

00:02:20.100 --> 00:02:31.959

Owner: we have. We submitted a 10% deposit secure to secure our dates for August 1617 as well as September, 19 to 21, st they do have a rate

26

00:02:32.720 --> 00:02:39.509

Owner: rate increase by about 5%. We're giving them a 10% deposit for everything.

27

00:02:39.620 --> 00:02:44.139

Owner: And let's see here, and I'm just about to sign the contract and get it back to them.

28

00:02:44.200 --> 00:02:47.649

Owner: Any questions in regard to radio or Pacific dates for next year.

29

00:02:48.277 --> 00:02:52.970

Cj: Do you have an actual calendar that you can send out with all of the proposed dates? There's some.

30

00:02:52.970 --> 00:02:53.340

Owner: We see you.

31

00:02:53.340 --> 00:02:55.310

Cj: We got to have that aligned with Omra as well.

32

00:02:55.710 --> 00:02:57.286

Owner: Yep, I just got

33

00:02:58.390 --> 00:03:06.749

Owner: text from Jason Iverson, and we have dates confirmed with them. Their dates are going to be just off top. My head

34

00:03:07.160 --> 00:03:09.179

Owner: is going to be.

35

00:03:10.020 --> 00:03:24.399

Owner: Let's see here there's is May second through 4, th June 6, th through 8th as well as August 1st through 3, rd and then I'll send that all to you guys first, st and then we'll confirm it all and kind of go from there.

36

00:03:24.790 --> 00:03:31.960

Owner: 1st thing I actually do want to vote on is actually considering double points for

37

00:03:32.050 --> 00:03:36.349

Owner: double points for both Pacific rounds and then double points for

38

00:03:37.090 --> 00:03:39.109

Owner: for the 1st ridge round.

39

00:03:39.890 --> 00:03:40.780

Owner: What's the purpose.

40

00:03:41.066 --> 00:03:41.640

Tico Sandoval: Said that.

41

00:03:42.620 --> 00:03:47.080

Owner: Purpose of doubling points is to kind of get more attendance, basically.

42

00:03:47.410 --> 00:03:59.900

Owner: just to get more attendance. Financially, the Pacific rounds have been a loser for us, and we're in the kind of in the \$10,000 hole every time we do a Pacific round, and then usually

43

00:04:00.030 --> 00:04:05.820

Owner: 1st rich round is Iffy depends on weather, but you know, just doubling the the points.
Kind of makes it

44

00:04:06.110 --> 00:04:07.366

Owner: kind of makes it

45

00:04:08.260 --> 00:04:10.339

Owner: more incentive to people to attend.

46

00:04:10.720 --> 00:04:12.329

Owner: What do you guys think about that?

47

00:04:15.940 --> 00:04:18.160

Cj: So I think you need to propose an actual

48

00:04:19.076 --> 00:04:29.169

Cj: individualized kind of deal. Are we doing double points on around 1, 4, 6, 7. Whatever the case may be, it's an offer ones kind of doesn't work for me

49

00:04:29.740 --> 00:04:35.620

Cj: like I'm all for the first.st I'm all for the 1st and last rounds. But if we're trying to do additional, all that's doing is creating more work for everybody.

50

00:04:35.620 --> 00:04:37.149

Louis Stevenson: Made 1st and last round.

51

00:04:37.920 --> 00:04:41.260

Owner: Okay, fair enough. Anyone wanna vote for 1st and last round.

52

00:04:42.330 --> 00:04:44.650

Don: Yeah, but yes, for the 1st and last round.

53

00:04:46.280 --> 00:04:47.500

Tico Sandoval: I'll agree with that. Yeah.

54

00:04:49.020 --> 00:04:49.920

Louis Stevenson: Agreed.

55

00:04:49.920 --> 00:04:59.260

Owner: Okay? So it seems like that stands so double points for 1st and last round. That's actually pretty common, you know, for a lot of other clubs. So

56

00:04:59.620 --> 00:05:01.650

Owner: who is going to

57

00:05:01.930 --> 00:05:04.820

Owner: implement that? Who's in charge of points.

58

00:05:04.820 --> 00:05:07.429

Cj: So Britney does timing and scoring, so.

59

00:05:09.010 --> 00:05:14.680

Owner: Okay, just let her know, and then I guess we will. We'll have to submit that into some type of email to let people know.

60

00:05:14.680 --> 00:05:21.270

Cj: Well, so you could put it on the calendar with the rice round and the dates right points in the date.

61

00:05:21.440 --> 00:05:22.520

Cj: It's pretty simple.

62

00:05:22.710 --> 00:05:36.240

Tico Sandoval: Once we get the calendar we'll get it on all of our marketing. We'll put it on the website. We'll put it. We'll we'll promote it. We'll also get an email asked out to the group for members as well. So yeah, that would be a great incentive to

63

00:05:36.400 --> 00:05:37.699

Tico Sandoval: to market.

64

00:05:38.100 --> 00:05:38.640

Tico Sandoval: Don't worry.

65

00:05:38.640 --> 00:05:43.534

Cj: Our 1st round traditionally, is the wet round which is one we struggle with the most

66

00:05:44.780 --> 00:05:50.809

Cj: regardless of visit, the Ridge or Pacific. If it's a pacific, it's even worse, obviously, but

67

00:05:51.900 --> 00:05:56.899

Cj: but yeah, trying to incentivize that 1st round is probably the most critical in our season. In my opinion.

68

00:05:57.640 --> 00:06:00.170

Tico Sandoval: Okay? And that's the April 18th date. Correct.

69

00:06:01.160 --> 00:06:01.970

Tico Sandoval: pumpy.

70

00:06:02.610 --> 00:06:09.479

Owner: Correct April 18th through the 20, th and then the last round is going to be September 19.th Through 21.st

71

00:06:10.620 --> 00:06:29.000

EmDee35: Hey, guys, one thing, if I can just chime in on that just food for thought ironically. Even if the 1st round is wet, it's the 1st round, and everyone's ready to go. What is? I think it's wise you're doing the the last round double points, too. But September everyone's got crash bikes. Usually, if people are on the fence, it's like, well, I'm not in the point. So

72

00:06:29.080 --> 00:06:37.659

EmDee35: I've often found that early season attendance with wet rays ends up being okay. It's late season rain. That's the biggest worry. Just fyi something to consider. So

73

00:06:37.810 --> 00:06:39.060

EmDee35: what's your point?

74

00:06:39.610 --> 00:06:49.080

Louis Stevenson: From what I remember historically, that having around on a holiday weekend has always been a negative at the beginning of the season, and we're gonna be on Easter weekend.

75

00:06:50.920 --> 00:07:03.440

Owner: That is a good point. That is a good point. I think that if it was up to me, I think I would like the Pacific rounds because those are losing rounds. But you know what that sounds good to me. Let's stand 1st and last round. That's what it is we got. It sounds good to me

76

00:07:03.670 --> 00:07:05.140

Owner: moving on

77

00:07:05.730 --> 00:07:18.139

Owner: last round of Pacific. We gotta talk about that real quick. We had a few crashes, and so has anyone followed up with Vanessa Hirota as well as Garrett's dad.

78

00:07:18.640 --> 00:07:21.500

Cj: I I talk with Garrett almost on a daily basis.

79

00:07:23.100 --> 00:07:34.009

Cj: but I haven't talked to. I talked with the Rhoda the day of, but I haven't since, and then I've kind of gotten a couple of updates from about Vanessa. But that's it. And I haven't actually talked to her.

80

00:07:34.740 --> 00:07:42.939

Tico Sandoval: I talked to David. He's doing. He's doing fine. He's just waiting for the the mend hip issue. And collar issue.

81

00:07:44.040 --> 00:07:56.179

Don: Yeah. I reached out to both of them yesterday. Let them know that their injured writer front check should be in the mail, according to Neil. So he he texted me and said that they were on their way. I think I CC company on that email. So.

82

00:07:58.450 --> 00:08:01.650

Tico Sandoval: Okay, cool. How much isn't that fun just out of curiosity?

83

00:08:01.890 --> 00:08:03.970

Don: Yeah, that's a good question unknown.

84

00:08:03.970 --> 00:08:04.999

Cj: Person is new.

85

00:08:05.540 --> 00:08:07.539

Cj: Normally, we start off with the financials.

86

00:08:08.470 --> 00:08:11.247

Don: Yeah, Neil's not on. I'm not sure if he was invited

87

00:08:11.500 --> 00:08:12.479

Tico Sandoval: No, Neil's on.

88

00:08:12.830 --> 00:08:13.949

Tico Sandoval: is he? Oh, yeah.

89

00:08:14.830 --> 00:08:16.770

Cj: So we haven't got to him yet. My bad.

90

00:08:17.756 --> 00:08:19.340

Neil Heineman: Here. Let's see

91

00:08:20.120 --> 00:08:22.409

Neil Heineman: the financials.

92

00:08:23.380 --> 00:08:31.940

Neil Heineman: Let's see what we have in the fund, because it was pretty much gone. So. But we're we had a thousand dollars in there. We collect for 2024,

93

00:08:32.169 --> 00:08:34.210

Neil Heineman: and we've used that all up.

94

00:08:34.620 --> 00:08:41.389

Neil Heineman: So we're hitting the general operating fund. Yeah, we only collected a thousand 58 for the year. An injured rider.

95

00:08:43.650 --> 00:08:46.709

Tico Sandoval: Is that is that just basically volunteer

96

00:08:46.720 --> 00:08:55.887

Tico Sandoval: donations through registration. Is that typically how that means funded? Okay, alright, maybe we do something campaign wise to kind of boost that a little bit.

97

00:08:56.420 --> 00:09:00.600

Tico Sandoval: if if Field is a necessary thing to do, I I don't. I don't know how.

98

00:09:00.810 --> 00:09:01.420

Tico Sandoval: and.

99

00:09:02.220 --> 00:09:06.080

Cj: There's there's 2 things that we just in my opinion, and just

100

00:09:06.690 --> 00:09:14.440

Cj: that we need to focus, not so much focus. But there's things that we need, we should be doing every year to increase funds on ones for air fence, and 2 is the injured rider fund.

101

00:09:16.100 --> 00:09:33.799

Don: Well, we did discuss this last year, and it was voted upon by last year's board. That was, yeah. It's voluntary. All the voluntary funds that come in through the clicking of the box when

you register. Sure. But then we also voted to allocate 5% of the cash on hand at the beginning of the year to go into that fund. So

102

00:09:33.850 --> 00:09:37.079

Don: there should be a lot more than a thousand in there.

103

00:09:41.070 --> 00:09:47.449

Neil Heineman: Was that 5% of the funds was that enacted, beginning in 2025 or.

104

00:09:47.884 --> 00:09:58.045

Don: So that for this year it would be so whenever we do that 1st of the year budget discussion, or 1st of the year, cash on hand, after all the balances and all of the

105

00:09:58.480 --> 00:10:00.219

Don: I'm sorry all of the

106

00:10:00.540 --> 00:10:03.870

Don: deposits have been paid. Then that's when we usually

107

00:10:04.270 --> 00:10:05.650

Don: picked the

108

00:10:05.740 --> 00:10:09.989

Don: it's in the it's written into the bylaws. I'm just not. I don't have them in front of me, so.

109

00:10:11.120 --> 00:10:16.909

Neil Heineman: Got it. Well, then, I'll record that at the beginning of the year. And so yeah, we'll have. We'll start off the year with some funds, and.

110

00:10:17.210 --> 00:10:17.960

Don: But.

111

00:10:17.960 --> 00:10:24.329

Neil Heineman: We're okay for last year. It's we gave out a few checks, probably 4 or 5, and that was about it.

112

00:10:24.330 --> 00:10:27.290

Don: By my calculations. We gave out \$2,100 last year

113

00:10:27.380 --> 00:10:28.599

Don: for this year.

114

00:10:31.590 --> 00:10:36.609

Owner: Awesome, cool, alright sounds good. We can move on also speak in regards to the air fence.

115

00:10:36.740 --> 00:10:38.950

Owner: How we doing on air fence fund.

116

00:10:41.200 --> 00:10:46.950

Neil Heineman: Yeah, the account balance that I sent around the savings. That's basically all air offense funds.

117

00:10:48.358 --> 00:10:50.870

Neil Heineman: That we had previously in there.

118

00:10:51.590 --> 00:10:53.870

Neil Heineman: And then what did we collect for the year?

119

00:10:54.050 --> 00:10:57.890

Neil Heineman: So yeah, we had 32,137

120

00:10:58.390 --> 00:10:59.530

Neil Heineman: in there

121

00:11:00.310 --> 00:11:05.310

Neil Heineman: and then for the year we collected the 1,591

122

00:11:05.690 --> 00:11:09.419

Neil Heineman: on top of it. So I'll move that to the Air Fence Fund.

123

00:11:10.310 --> 00:11:12.420

Owner: Wow! That's pretty awesome. Actually.

124

00:11:12.420 --> 00:11:16.049

Tico Sandoval: What do we need to fund the fence? Is it like 50 grand something like that?

125

00:11:17.240 --> 00:11:21.539

Cj: 50 grand gets you about 4 bales, if I remember right.

126

00:11:22.730 --> 00:11:24.150

Tico Sandoval: 4, just 4, okay.

127

00:11:24.150 --> 00:11:25.909

Cj: Work. Yeah, it's not cheap.

128

00:11:26.270 --> 00:11:30.751

Tico Sandoval: Okay, I can wait till my turn. I have an idea for that. By the way, but

129

00:11:31.570 --> 00:11:32.683

Owner: I might.

130

00:11:33.550 --> 00:11:44.409

Owner: I want to chime in on the air fence fund. I might have a hail, Mary, that just got thrown in somewhere. I got contacted recently by John Alrich, who is the owner of the road Racing Magazine.

131

00:11:44.420 --> 00:11:48.800

Owner: and he said he has a bunch of air fences that he

132

00:11:48.840 --> 00:12:11.179

Owner: supposedly Auto club Speedway, which is Fontana, is closing down their infield road racing course. And so he is trying to find a new home for these air fences, and I said, Well, how much do you want for them? And he said, No, no, you don't understand. I'm not trying to sell them. I'm trying to just give them away. And if you want to pay for shipping.

133

00:12:11.190 --> 00:12:17.260

Owner: that would that would just factor in. And that's about it, he said it. It's not 100% done deal.

134

00:12:17.320 --> 00:12:22.660

Owner: But you know, that might be a a slam dunk on that our end. So

135

00:12:23.240 --> 00:12:24.539

Owner: that's air fence.

136

00:12:24.900 --> 00:12:28.260

craig: Do you know what kind they are, or how many.

137

00:12:28.490 --> 00:12:35.550

Owner: I do not. I do not, and I guess there was a whole bunch of them. I don't know what a whole bunch means. It could be like

138

00:12:35.910 --> 00:12:39.120

Owner: 3. It could be 30. I'm not sure.

139

00:12:39.120 --> 00:12:50.700

Tico Sandoval: Would would it be worth? I mean, I don't know. How do you? How you audit an air fence? But is it like something. You look at pictures and say, this works, or is it something you have to actually, physically go out there and just check it out before we commit to shipping.

140

00:12:52.030 --> 00:12:53.089

Owner: I'm not sure. Often

141

00:12:53.140 --> 00:13:00.290

Owner: I'll have to follow up with him because he's he's got to give me the 100%. Okay, yet, cause he, you know he kind of contacted me

142

00:13:00.460 --> 00:13:04.600

Owner: preemptively and hasn't hasn't said 100% yet, so I'll have to.

143

00:13:04.690 --> 00:13:17.580

Owner: Once, he says yes, then I'll get more information from him. Size, you know what it includes. He said something about. They come in C containers, and they might want compensation for C containers. I'm not sure what that means.

144

00:13:17.790 --> 00:13:18.420

Owner: But

145

00:13:19.320 --> 00:13:25.790

Owner: but yeah, so that might be an option for air fence, and that might save us a ton of money. And I did contact

146

00:13:27.490 --> 00:13:35.960

Owner: Pacific about it, and they said that we store our air fences, air fences over at their place, and they might have more room for it should be okay.

147

00:13:36.000 --> 00:13:44.019

Owner: They contact the ridge, and the Ridge said we could use more air fence over there, too, and we store some over there, too. So

148

00:13:44.290 --> 00:13:46.099

Owner: either of those could work.

149

00:13:46.590 --> 00:13:47.869

craig: Yeah, that's not true.

150

00:13:48.210 --> 00:13:48.540

Owner: Nope.

151

00:13:48.540 --> 00:13:59.810

craig: We don't. We don't store air fence there. A anything that we take to the ridge goes in a single 53 foot container. It stays there while we're there, and then, when we leave

152

00:14:00.150 --> 00:14:03.170

craig: that all comes with us back to Pacific.

153

00:14:03.340 --> 00:14:04.660

Owner: Oh, wow!

154

00:14:04.660 --> 00:14:05.170

craig: So.

155

00:14:05.170 --> 00:14:05.640

Louis Stevenson: As well.

156

00:14:05.640 --> 00:14:10.409

craig: When we have. So when we have back to back rounds, the 53 foot

157

00:14:10.580 --> 00:14:13.580

craig: truck trailer does stay at the ridge.

158

00:14:13.630 --> 00:14:18.189

craig: but, like I said once, once we're done at the Ridge, and we have to go to Pacific.

159

00:14:18.210 --> 00:14:30.220

craig: the Pacifics, the home track. That's where all of our storage containers are and all that. So when we're at the Ridge, it's truly we're basically camping there with all of our stuff.

160

00:14:31.300 --> 00:14:34.920

Louis Stevenson: That's because of expense. The Ridge wants a lot of money for storage.

161

00:14:37.240 --> 00:14:39.969

craig: Yeah, we we would have to get

162

00:14:40.100 --> 00:14:42.990

craig: more C containers.

163

00:14:43.130 --> 00:14:54.430

craig: And we talked about that years and years ago. They they put a very. They put a lot of stipulations on how many we could have, what they could look like.

164

00:14:55.820 --> 00:15:00.060

craig: and it was not a viable situation.

165

00:15:02.720 --> 00:15:08.139

Owner: Okay, so do you think we can get more? We can actually have more? Or are we maxed out? Basically.

166

00:15:08.680 --> 00:15:22.619

craig: We don't have any more storage, so we would have to get more C containers. And obviously that would be up to Pacific, allowing us to have more space in the yard there. Probably.

167

00:15:25.160 --> 00:15:51.359

craig: But but before we even get to that point, I think we would definitely want to do a do a hands-on inspection, especially if those things are down in California, you know, with all the sun and the UV depending on what kind of bales that they are. You know they're they're foam inside, and if that stuff only has a finite life like ours is at

168

00:15:51.530 --> 00:15:56.850

craig: nearing the end of its life. Strictly because the foam.

169

00:15:57.550 --> 00:16:14.690

craig: once you blow them a couple of times, they just they I mean, we actually had a couple just explode like the foam physically, I mean, exploded but you know it's it would just be something. And also, is it compatible with ours? Do they do? They made up.

170

00:16:14.740 --> 00:16:27.679

craig: or would they be used exclusively? There would be some logistics involved, but just making sure that they're safe to even use before we agree to truck them up to Washington would be, it'd be wise.

171

00:16:28.020 --> 00:16:39.070

Owner: Absolutely. We'll do our due diligence before we actually get them if we get them. So cause. Obviously they need to be worthwhile. So I'll find out all that information. But we'll.

172

00:16:39.120 --> 00:16:39.890

Cj: Where are they?

173

00:16:39.890 --> 00:16:54.719

craig: Chris. Chris would know better. Exactly. How many can you know if they're the same size as ours? He would know, probably off the top of his head. How many can fit? I think we have 3 C containers right now. That house all of ours.

174

00:16:55.860 --> 00:17:02.819

Owner: Okay, perfect. Yeah. I tried giving Chris Lafayette a call, but he hasn't called me back yet, so still early, we'll figure it out.

175

00:17:02.860 --> 00:17:04.710

Owner: Sounds good, thank you, Craig.

176

00:17:04.720 --> 00:17:05.320

Owner: Yep.

177

00:17:07.079 --> 00:17:07.339

EmDee35: One.

178

00:17:07.339 --> 00:17:07.769

Owner: Great. Okay.

179

00:17:07.770 --> 00:17:12.970

EmDee35: That company if if they're already in and see containers and would ship them us to it, in that we wouldn't have to buy anymore.

180

00:17:13.230 --> 00:17:14.115

craig: There you go!

181

00:17:14.410 --> 00:17:17.920

EmDee35: That's just as I heard. Listen to you, just to know something to think about, too.

182

00:17:18.140 --> 00:17:22.809

Owner: Hmm correct true cause. They did say mention that they had purchased C containers for them, so.

183

00:17:22.819 --> 00:17:23.349

craig: Yep.

184

00:17:24.890 --> 00:17:27.331

Owner: Okay, perfect. So moving on.

185

00:17:28.250 --> 00:17:30.219

Owner: cj, what do you got for us?

186

00:17:30.986 --> 00:17:35.489

Cj: So we had a couple of things from the last round. One

187

00:17:36.139 --> 00:17:44.480

Cj: Don was, I think I let don know. I did notification with curtain that he owes us some volunteer time before.

188

00:17:45.005 --> 00:17:47.450

Cj: He starts for the beginning of next season.

189

00:17:47.939 --> 00:17:51.569

Cj: Opted not to do the whole formal letter thing. He understood

190

00:17:51.931 --> 00:17:55.719

Cj: that there was a process, and that he owed us some time, so

191

00:17:56.079 --> 00:17:59.069

Cj: probably just need to reach out to him and finalize that deal.

192

00:18:01.293 --> 00:18:03.320

Cj: The other thing was

193

00:18:03.440 --> 00:18:10.334

Cj: at the end of Saturday or end of Sunday. Obviously, we forgo the awards because of

194

00:18:10.850 --> 00:18:14.590

Cj: instance, that went on in the pits with Garrett's dad trying to get him out of there?

195

00:18:15.945 --> 00:18:16.940

Cj: So

196

00:18:17.090 --> 00:18:24.670

Cj: I know we got the banquet coming up. So I just wanna make sure we have the awards for the last round set up to deal with that at the banquet.

197

00:18:27.350 --> 00:18:28.572

Owner: Okay. Sounds good.

198

00:18:28.980 --> 00:18:30.919

Cj: Britney says she has the awards.

199

00:18:30.920 --> 00:18:40.519

Owner: Oh, there we go, perfect. Okay, so just make sure we bring it there and then, when we hand out those awards, I think we should forego these these speeches for those.

200

00:18:41.420 --> 00:18:42.589
Owner: What do you guys think.

201
00:18:44.900 --> 00:18:49.170
Cj: I mean that all comes down to get. In my opinion it comes down to the attendance.

202
00:18:52.330 --> 00:18:54.100
Owner: True. Sounds good. Sounds good.

203
00:18:54.583 --> 00:18:55.369
Owner: let's see.

204
00:18:55.370 --> 00:19:04.849
EmDee35: Typically in years past, when you do the individual ones you don't let them speak when you do the overall plates, you do let them speak just things along, otherwise it takes forever.

205
00:19:05.920 --> 00:19:09.500
Owner: That was my thought process also. Exactly so

206
00:19:10.610 --> 00:19:13.150
Owner: cool. Alright. Anything else. Cj.

207
00:19:14.160 --> 00:19:15.630
Cj: No, that's all I have right now.

208
00:19:16.390 --> 00:19:21.270
Owner: Okay, let's move on to tico. What do you got? Tico?

209
00:19:21.270 --> 00:19:31.909
Tico Sandoval: Yeah, so I've been working with I'm doing a bunch of stuff. I won't bore you with all the little details, but basically reevaluating the vault, the sponsorship packages.

210
00:19:32.010 --> 00:19:43.960

Tico Sandoval: adding a few things to it. Once I have those kind of summarized, I'll get them over to people to kind of overview them, not drastic changes to the sponsorships, I think they make a lot of sense, but just adding a few, a few other additional pieces

211

00:19:44.150 --> 00:19:46.809

Tico Sandoval: to the perks for sponsorship.

212

00:19:47.332 --> 00:20:03.249

Tico Sandoval: I'm I'm working on the which I'm looking for website stuff right now. So I did want to get something for votes into this group. We have a webmaster. Need

213

00:20:03.360 --> 00:20:22.330

Tico Sandoval: one of the things that's pretty glaring is the fact that our website's not up to date or has not been maintained up to date. And I think that's kind of the bread and butter of a lot of people finding us. So I'm looking at like analytics. How many people visit our site? What's driving that specifically to try to see what areas we can kind of promote and move the needle. In regards to visits

214

00:20:22.450 --> 00:20:32.119

Tico Sandoval: to that end we do need a webmaster. I don't know if previous meetings a webmaster idea was pitched in regards to it. I know it's in the the kind of

215

00:20:32.649 --> 00:20:39.840

Tico Sandoval: description of the second Vp. To have a webmaster to support that. I think it's a paid position.

216

00:20:40.640 --> 00:20:44.559

Cj: Chris is. Chris has got stuff to talk about that when it gets up to him.

217

00:20:44.850 --> 00:20:50.290

Tico Sandoval: Yeah. So I know that Ann was working on that website thing. I sent her a job description

218

00:20:50.577 --> 00:21:09.370

Tico Sandoval: for what that position looks like, she agreed to the position itself. I think it's 125 bucks a month to maintain the website and to to keep it kinda updated as well as potentially

add a few things that we want to do to make it a more dynamic site. And I think that needs to come to a vote, so I don't know what the process is to raise that. But

219

00:21:09.733 --> 00:21:26.560

Tico Sandoval: I can share the job description. I've loaded it on the whatever that drive share drive is within the the website mass website link. But I can. I can share it right now. Here, if you guys want to look at it real quick.

220

00:21:28.390 --> 00:21:31.220

Tico Sandoval: let me just share that real quick. I'll just go ahead and pop it up.

221

00:21:37.380 --> 00:21:45.669

Owner: Tico backpedaling real quick you talked about some of those sponsorship Perks. What were you thinking quickly off the top of your head?

222

00:21:46.300 --> 00:22:00.049

Tico Sandoval: Well, things like getting them merchandise as a package sponsor. Some of the things that you know right now we promote the idea that we'll we'll announce sponsors, names on our website and announce it through the different social media things.

223

00:22:00.250 --> 00:22:15.559

Tico Sandoval: But I like to make sure that every T-shirt we have has sponsored logos that they have opportunities to to, you know, promote their brand through potentially accessing our lead list or our current member list in some sort of promotional way

224

00:22:15.853 --> 00:22:24.069

Tico Sandoval: especially, for, like a title sponsor, I think it's important that they get benefit from from being a sponsor and getting some traction based on what their interests are

225

00:22:24.250 --> 00:22:33.209

Tico Sandoval: I'd like to do pop ups for any any sponsor that joins us that gets like a full calendar with their name and logo

226

00:22:33.552 --> 00:22:50.180

Tico Sandoval: on the actual calendar itself. That kind of identifies who they are. I want everyone, every every shop, every motorcycle related industry to have a calendar with their

logos and those kinds of things which we kind of imply within the sponsorship piece. But I want to make it a little bit more explicit

227

00:22:50.390 --> 00:23:00.399

Tico Sandoval: for those to have. And then, of course, you know, potentially cross promote. You know, certain things like incentive solutions, wants to be a sponsor for the club.

228

00:23:00.540 --> 00:23:07.829

Tico Sandoval: They can also do cross promotion and and give them opportunities to get discounted. Re, you know, resources to

229

00:23:08.138 --> 00:23:22.930

Tico Sandoval: have their logo on on other things that they might not be thinking about now. So that's just kinda again big picture thinking that I'm doing right now and kind of put. But can you guys see my screen? Okay, I just want to show you the the webmaster job description.

230

00:23:23.090 --> 00:23:37.080

Tico Sandoval: So managing the website administering the website security stuff, the traffic analysis analysis, those kind of things defining content and obviously user experience. And then specific descriptions is just updating the stuff that needs to be updated.

231

00:23:37.552 --> 00:23:48.429

Tico Sandoval: Collaborating with marketing. So we could actually get, you know, more traffic driven to it. potentially posting video links those kinds of things to to promote the site

232

00:23:48.857 --> 00:23:59.019

Tico Sandoval: and then anything that gets broken or repaired. And and then, you know, constantly updating over the over the timeframe. So that's pretty much the gist of a typical webmaster role.

233

00:23:59.274 --> 00:24:06.549

Tico Sandoval: And the conversation is 1 25 per month, and potentially, there might be other projects that we do which would come to a vote if we need to spend more money than that. But

234

00:24:06.560 --> 00:24:09.140

Tico Sandoval: that's basically the the position.

235

00:24:09.609 --> 00:24:12.899

Tico Sandoval: Can we vote now, or do we have questions?

236

00:24:16.210 --> 00:24:20.869

Owner: Who's going to be the webmaster? Are you saying you're going to be the webmaster and doing all that stuff.

237

00:24:20.870 --> 00:24:26.920

Tico Sandoval: No, no, no, this would be Ann. I'm sorry I don't remember Anne's last name. Chris. What's Ann's last name?

238

00:24:28.810 --> 00:24:30.700

Chris Wilcox: It's Anna Piafsky.

239

00:24:30.970 --> 00:24:43.410

Tico Sandoval: Yeah. So she was in the, I guess, created the website with Chris back in the day. She knows this, the site familiar. She's familiar with it. I had a conversation with her about this position, and she's open to to it.

240

00:24:47.880 --> 00:24:49.279

Owner: Sounds good to me.

241

00:24:50.000 --> 00:24:53.598

Tico Sandoval: I think it's vital to have someone maintain it. I don't think I can do it.

242

00:24:54.830 --> 00:25:03.650

Tico Sandoval: And unless someone else wants to step up to it. I think it makes a lot of sense. Especially with, you know, quick turnarounds of things that I want to get done. I think it'd be worth doing.

243

00:25:04.390 --> 00:25:11.679

Owner: Is that going to be every month? Or you think that maybe in the off season we might not need anything, any services for for the website.

244

00:25:12.060 --> 00:25:14.034

Tico Sandoval: I think it's every month

245

00:25:14.760 --> 00:25:21.720

Tico Sandoval: because I think that there's gonna be ups and downs more working one month than the other other months. I think it just evens out to be consistent that way.

246

00:25:23.340 --> 00:25:32.076

Louis Stevenson: There's well, there's ongoing concerns like security and other things. But then also over the winter you wanna put in new schedules and things like that. So

247

00:25:32.911 --> 00:25:37.180

Louis Stevenson: scoring gets done after the end of season. All that stuff needs to go up there. So.

248

00:25:38.460 --> 00:25:57.380

Tico Sandoval: Yeah, exactly. I mean, I think that our site is fine for what it is. I don't think it's nearly as dynamic as it needs to be as visitors come to the site. I think they're looking for fresh. They're looking for something new. They're looking for something that's going to drive interest. If we're posting results, we should be posting them on the site. We should be doing a lot of traffic

249

00:25:57.520 --> 00:25:59.610

Tico Sandoval: through the website as our main hub.

250

00:25:59.970 --> 00:26:01.089

Owner: Doing it now.

251

00:26:01.090 --> 00:26:02.520

Cj: Progress.

252

00:26:03.070 --> 00:26:03.860

Louis Stevenson: No one else.

253

00:26:05.570 --> 00:26:06.760

Owner: Who did it before.

254

00:26:07.670 --> 00:26:08.500

Louis Stevenson: She did.

255

00:26:09.650 --> 00:26:11.139

Louis Stevenson: She built the website.

256

00:26:11.820 --> 00:26:12.600

Owner: Oh, wow!

257

00:26:15.420 --> 00:26:19.940

Owner: Alright! So should we vote on this? Does that? Who says yes, and who says no?

258

00:26:21.320 --> 00:26:21.920

Louis Stevenson: Okay.

259

00:26:22.980 --> 00:26:24.259

Owner: I'm good. I'm good.

260

00:26:24.410 --> 00:26:25.010

Owner: We're talking.

261

00:26:25.010 --> 00:26:27.759

Cj: And 1,500 a year. I mean.

262

00:26:27.780 --> 00:26:29.720

Cj: I mean, I'm okay with it. I don't have any issues.

263

00:26:30.290 --> 00:26:30.574

Owner: Okay.

264

00:26:32.380 --> 00:26:34.450

Tico Sandoval: Okay, awesome. I'll let her know

265

00:26:37.369 --> 00:26:45.590

Tico Sandoval: other things to update the group on you know, Turn and I have talked about the bank, but I'll let him talk about more of the details of that specifically.

266

00:26:47.440 --> 00:26:49.900

Tico Sandoval: I think that was the major stuff that I wanted to bring up today.

267

00:26:50.600 --> 00:27:04.409

Owner: Okay. Sounds good appreciate it also. Let me just add in for you in regards to sprint sponsorship perks and stuff. I was thinking, I've been pitching it to people to give them like a year end trophy which we've actually done this past year.

268

00:27:04.460 --> 00:27:11.547

Owner: I was also gonna offer them like 2 banquet tickets which actually Omra is actually doing for their current

269

00:27:11.920 --> 00:27:18.109

Louis Stevenson: Standard. That's that's we've been doing that for years. Anybody at sponsors gets 2 banquet tickets

270

00:27:18.130 --> 00:27:24.030

Louis Stevenson: and the year end placard thing. Yeah, that was new this last year, but Omar's always done that. So.

271

00:27:24.030 --> 00:27:41.639

Owner: Yeah, perfect. And then believe it or not, that made a difference, because actually, that made a difference for me. And so that was kind of a nice perk to have. So I kind of like those. Also, you know, sponsorship Perks will thank thank the sponsors each round have a logo

272

00:27:41.910 --> 00:27:46.549

Owner: on the banquet program and then Logo. Go ahead.

273

00:27:46.880 --> 00:27:54.620

Tico Sandoval: Yeah, I was gonna say, yeah, those are things that that you know, we will be absolutely doing kind of the the big picture concept that I kind of mentioned is, you know.

274

00:27:54.840 --> 00:28:04.859

Tico Sandoval: writer, booklets for for the rounds. Kind of bringing that back, and again having sponsors and all the the Logos on those things.

275

00:28:05.449 --> 00:28:13.639

Tico Sandoval: Having you know, kind of a a bigger presence with sponsors, with anybody who's interested in supporting the club.

276

00:28:14.036 --> 00:28:24.950

Tico Sandoval: I did also want to mention that regarding air fence we I would love, and I don't know that there'd be any reason why we wouldn't want to do this, but maybe have a main sponsor sponsor our air fence

277

00:28:25.040 --> 00:28:32.360

Tico Sandoval: putting their logos on there. It would be a higher price, obviously, because those are gonna that would last until those air fences are gone.

278

00:28:32.817 --> 00:28:38.279

Tico Sandoval: But having, you know, their branded logo on each of the different pods would be pretty cool, I think.

279

00:28:38.950 --> 00:28:48.949

Owner: That's pretty. That's pretty awesome. And then also, Tico, I have one for you that you can put down the list because I talked to Abraham Balderas, and he said, he wants to sponsor the morning meeting.

280

00:28:49.020 --> 00:28:55.779

Owner: I'm not sure what that you know what we can do with that, but we can definitely do that. So that'd be great. Also, I was

281

00:28:56.100 --> 00:29:01.860

Owner: letting potential sponsors know that we're going to give them like a welcome package. And that welcome package will include, like

282

00:29:01.870 --> 00:29:14.409

Owner: a T-shirt, a hat, stickers, patches, flyers, and then tickets to wimber events. Now I know that, you know we don't. Really. It's it's free to get in. But it's also, if you actually

283

00:29:14.450 --> 00:29:18.840

Owner: physically go, give someone a ticket there, they'll they'll have more incentive to actually attend.

284

00:29:19.080 --> 00:29:28.099

Owner: So and then also the option to speak at the morning meetings, if they so choose just to introduce themselves real quick, just like how we do it at track days.

285

00:29:29.040 --> 00:29:29.730

Owner: Okay.

286

00:29:30.867 --> 00:29:41.029

Owner: okay, sounds good. And then in regards to that, I actually have been working on some new sponsors for this year. And I think I actually have I got a yes from

287

00:29:41.180 --> 00:29:42.410

Owner: Don Beck

288

00:29:42.420 --> 00:29:45.460

Owner: I got from superbike underground. I got a yes, from

289

00:29:45.790 --> 00:29:47.069

Owner: Matt White

290

00:29:47.240 --> 00:29:52.039

Owner: with with I don't know whites, motorcycles. I think I think I got a yes.

291

00:29:52.040 --> 00:29:53.580

Louis Stevenson: Something. Service. Yeah.

292

00:29:53.580 --> 00:29:56.350

Owner: Yeah, I got a yes, from track time

293

00:29:56.400 --> 00:30:09.610

Owner: Ishi motors, which is Steve Ishi. Paul McComzi wants a sponsor class. Brian Burcha wants a sponsor class. Dave Hirota wants a special sponsor class, David Verducci, and then Lewis and.

294

00:30:09.910 --> 00:30:11.880

Tico Sandoval: You're gonna give me that list at some point right company.

295

00:30:11.880 --> 00:30:17.150

Owner: Yes, I'm gonna get you. Listen, Abraham Balderas. So I've been kind of working it. So

296

00:30:17.503 --> 00:30:25.880

Owner: so so we already got a ton. New sponsors. I do need from you, Tico, a list of our current sponsors, and then we should start thinking about following and hitting them up.

297

00:30:26.430 --> 00:30:38.009

Tico Sandoval: Yeah, so that's been a challenge. I don't think anybody has the current list. And I talked to Doug, he said that Brittany would have the list, or Mallory would have the list, and no one's got the list. So

298

00:30:39.480 --> 00:30:43.849

Tico Sandoval: I'm hoping somebody might have a list somewhere other than the website. I don't know how accurate the website is.

299

00:30:44.430 --> 00:30:46.969

Tico Sandoval: I don't know what people paid. I have no idea.

300

00:30:47.380 --> 00:30:52.220

Owner: Does anyone have a list of the current? Last year 2424 sponsors.

301

00:30:53.110 --> 00:30:57.309

Neil Heineman: I can get a list from we used to use square for invoice.

302

00:30:57.500 --> 00:31:03.749

Neil Heineman: so I can tell you who we had last year or over the past 5 years. If you want.

303

00:31:03.970 --> 00:31:06.170

Tico Sandoval: Neil, could you email me that that would be awesome.

304

00:31:06.170 --> 00:31:06.780

Neil Heineman: Yep.

305

00:31:08.910 --> 00:31:12.149

Owner: Okay, perfect, awesome. Thanks, Tico. You got anything else to share.

306

00:31:12.460 --> 00:31:18.610

Tico Sandoval: No, that's everything. Yeah, Craig. I looked at the onedrive. It's 2023. There's nothing for 2024.

307

00:31:21.950 --> 00:31:26.065

Owner: Okay. Sounds good. Alright. So we'll work on that, and then let's move on. And then,

308

00:31:26.600 --> 00:31:34.590

Owner: I'll introduce you guys Turin Cox. He is our appointed events Coordinator, which he is

309

00:31:35.050 --> 00:31:38.510

Owner: in charge of doing the banquet. What do you got for us? Turin.

310

00:31:39.533 --> 00:31:56.239

Turin Cox: So I hey, everybody! I so I went in toward the facility and talked to Patty, who was there for the last event kind of got her feedback from the event. We were well received, she said. It was a great event. I'm sure quite a few of you attended. I obviously did not.

311

00:31:56.745 --> 00:32:11.314

Turin Cox: I have the invoice from last year, so I know what we paid, what we, what we, what we had essentially and then I've got the updated prices for this year. There wasn't any real change in the pricing.

312

00:32:12.200 --> 00:32:13.450

Turin Cox: The

313

00:32:13.890 --> 00:32:21.928

Turin Cox: cost per guest is the same. The room rentals the same. There was a \$1 increase on the

314

00:32:23.171 --> 00:32:30.210

Turin Cox: coverage charge from \$14 to \$15 a person other than that everything is pretty much identical.

315

00:32:30.738 --> 00:32:35.620

Turin Cox: We're able to secure the date of Saturday, December 14.th

316

00:32:36.201 --> 00:32:40.530

Turin Cox: Same timeframe, same setup, same everything. Really. And

317

00:32:40.800 --> 00:32:42.820

Turin Cox: I guess that's just

318

00:32:42.900 --> 00:32:54.699

Turin Cox: a decision to be made. If that's what we're going with, and then we can get numbers to Patty closer to the date and get that all finalized and booked up.

319

00:32:56.330 --> 00:33:06.229

Owner: Okay, awesome. So basically, it's gonna be the same place, same as last year. Mark Degrasse has generously offered himself to be our awesome Mc. For the evening

320

00:33:06.797 --> 00:33:11.540

Owner: question is, are we going to have early registration

321

00:33:11.640 --> 00:33:15.249

Owner: for 2025 licensing? And I think Danielle.

322

00:33:16.680 --> 00:33:22.509

Danielle: Yeah, I can. I just need to know if we're gonna keep the same cost of licenses, and it'll it won't take me long to open it.

323

00:33:23.830 --> 00:33:29.510

Owner: Okay, do we want to increase the price of the license?

324

00:33:30.130 --> 00:33:32.110

Cj: It's a rules committee discussion.

325

00:33:32.470 --> 00:33:34.679

Owner: Okay, so this is not the time and place.

326

00:33:34.680 --> 00:33:35.566

Cj: There's not.

327

00:33:36.010 --> 00:33:42.000

Owner: Okay, perfect. We can move on for that. Slideshow for the banquet. Lewis.

328

00:33:42.980 --> 00:33:43.350

Louis Stevenson: Yeah.

329

00:33:44.430 --> 00:33:45.489

Louis Stevenson: I'll have it.

330

00:33:45.730 --> 00:33:46.210

Owner: Okay.

331

00:33:46.210 --> 00:33:48.359

Louis Stevenson: We want. So who's

332

00:33:50.220 --> 00:33:51.290

Louis Stevenson: The video

333

00:33:52.020 --> 00:33:56.560

Louis Stevenson: video that's being made? Who who arranged that? And is that going to be presented? Also

334

00:33:57.560 --> 00:33:58.250

Louis Stevenson: that

335

00:34:00.160 --> 00:34:01.599

Tico Sandoval: The movie, that documentary.

336

00:34:01.600 --> 00:34:02.929

Louis Stevenson: Yeah, yeah.

337

00:34:03.140 --> 00:34:07.180

Tico Sandoval: I haven't seen it. I don't know. It's crew, media right? I I don't know.

338

00:34:07.180 --> 00:34:10.850

Louis Stevenson: Yeah, that I was just trying to remember his name real quick, David. So.

339

00:34:11.210 --> 00:34:19.380

Tico Sandoval: Yeah, I don't know. I don't know if that would be appropriate for the banquet. I don't know what's on it. I don't know if that's what we want to do. But I do think we should have

340

00:34:19.389 --> 00:34:24.710

Tico Sandoval: and Turn and I were talking about this. I do think we should probably send a request out to all past members

341

00:34:24.780 --> 00:34:31.909

Tico Sandoval: if they have photos that they could drop into like a a dropbox, or something of all their old photos from

342

00:34:31.960 --> 00:34:33.819

Tico Sandoval: early days of racing. If they had.

343

00:34:33.820 --> 00:34:34.770

Louis Stevenson: That'd be cool. Yeah.

344

00:34:34.770 --> 00:34:45.750

Tico Sandoval: So we could just do a slideshow of all the historical racing images that we might have over the years to loop while it's, you know, in background and stuff that would be really cool.

345

00:34:47.040 --> 00:34:49.359

Louis Stevenson: That'd be really cool. They do historical. Yeah.

346

00:34:49.360 --> 00:34:54.589

Cj: Company you need to reach out to Cliff cause. I gave a whole box of stuff from

347

00:34:55.110 --> 00:35:04.900

Cj: probably 2030 years ago, of the old flyers and everything else that Cliff Scott probably need to try to get your hands on that. You could scan some of that stuff and put it on. There.

348

00:35:05.340 --> 00:35:06.770

Tico Sandoval: Oh, cool Cliff! Griffin.

349

00:35:06.770 --> 00:35:07.380

Cj: Yep.

350

00:35:10.050 --> 00:35:10.900

Cj: Awesome.

351

00:35:10.900 --> 00:35:12.330

Owner: I'm gonna write that down.

352

00:35:12.926 --> 00:35:20.350

Owner: Okay, here we go. Let's see here program for banquet. Is anyone coming up with a program like a kind of a schedule program. Okay?

353

00:35:20.350 --> 00:35:29.860

Tico Sandoval: Yeah, I'll be. I'll work on that. I'll be putting that together and getting those printed once we have kind of agenda. And you know

354

00:35:30.360 --> 00:35:41.120

Tico Sandoval: all the details of the actual event. But we should have a pretty much a working document. I was looking at past ones. There's nothing from last year that I can see historically, if anyone's got a copy of last year's agenda

355

00:35:41.310 --> 00:35:42.979

Tico Sandoval: that would be pretty cool.

356

00:35:44.460 --> 00:35:45.110

Tico Sandoval: great.

357

00:35:46.460 --> 00:35:51.509

Owner: I don't have it. But also let's try to include include our current sponsors in that program.

358

00:35:51.510 --> 00:35:52.960

Tico Sandoval: Yeah, that would be, I'm pretty sure.

359

00:35:52.960 --> 00:35:55.339

Louis Stevenson: I have last year's program upstairs.

360

00:35:56.200 --> 00:36:01.010

Tico Sandoval: Oh, you do. Okay? Oh, yeah. If you could share that, or scan it, or or mail it, or something.

361

00:36:01.680 --> 00:36:02.110

Louis Stevenson: Yeah.

362

00:36:03.920 --> 00:36:08.949

Owner: And then also we're pretty solid on that date, right? Turin.

363

00:36:09.490 --> 00:36:30.132

Turin Cox: Yeah, we have that date that dates we. We're good to go on that date. The main thing that we wanna do is lock in pricing because they're the they're scheduled to have a price increase this year. So we wanna get locked in on the pricing. Get in our numbers, and then we will be able to confirm those numbers.

364

00:36:30.850 --> 00:36:40.579

Turin Cox: I think, memory says it was about 2 weeks before the event. And then we kind of locked into those numbers for the for the attendance. They will be able to

365

00:36:41.006 --> 00:36:53.110

Turin Cox: adjust it last minute up slightly, perhaps, and maybe serve some extra dinners. But once we say, there's gonna be a hundred people, we're paying for 100 people, even if 20 people show up.

366

00:36:53.460 --> 00:36:54.455

Turin Cox: So

367

00:36:55.660 --> 00:37:09.029

Turin Cox: yeah, we just gonna have to make that decision. The pricing that she sent over for this year had raised the number from a hundred to a hundred 50. I don't know what attendance was like last year. Sounds like Lewis was

368

00:37:09.040 --> 00:37:12.020

Turin Cox: was there and present, and so he might remember.

369

00:37:12.770 --> 00:37:16.819

Louis Stevenson: I'm sorry I was dealing with Tico's thing real quick. What was that? Again?

370

00:37:17.113 --> 00:37:22.110

Turin Cox: Just the the attendance from last year. Do you remember the numbers we paid for a hundred.

371

00:37:22.470 --> 00:37:25.988

Tico Sandoval: It was close to. I don't remember exactly. I was there as well.

372

00:37:26.240 --> 00:37:26.850

Turin Cox: Okay. Yeah.

373

00:37:26.850 --> 00:37:28.439

Tico Sandoval: Mark you were there, you you.

374

00:37:28.440 --> 00:37:33.999

Louis Stevenson: I was there, but I don't remember the numbers or anything like that. I couldn't tell you just by get looking at how many people are there.

375

00:37:34.000 --> 00:37:39.342

Turin Cox: Well this year if you could count everybody, so we can have this conversation next year. That would be awesome.

376

00:37:40.460 --> 00:37:43.709

Neil Heineman: I can grab. I can share the invoice from last year.

377

00:37:43.850 --> 00:37:44.510

Turin Cox: Yeah. It's a.

378

00:37:44.510 --> 00:37:44.970

Louis Stevenson: There we go!

379

00:37:44.970 --> 00:37:48.470

Turin Cox: A 100 people is what we paid for. I have that that invoice.

380

00:37:49.200 --> 00:37:49.539

EmDee35: I'm going to.

381

00:37:49.540 --> 00:37:49.940

Owner: We.

382

00:37:49.940 --> 00:37:53.029

EmDee35: It seemed like there was 80 to 100 people there, but I didn't count or see any.

383

00:37:53.030 --> 00:37:56.960

Louis Stevenson: I would guess it was close to that. But I don't. I? You know.

384

00:37:56.960 --> 00:38:06.640

Turin Cox: So they probably they probably adjusted that that number post to the event with all the registrations. Because we're we're doing it through Motorsport Reg correct.

385

00:38:07.460 --> 00:38:08.359

Neil Heineman: All the way up.

386

00:38:08.360 --> 00:38:08.980

Tico Sandoval: Yep.

387

00:38:09.350 --> 00:38:10.560

Tico Sandoval: we can do that right.

388

00:38:11.010 --> 00:38:12.050

Danielle: Yes, are we? Gonna.

389

00:38:12.050 --> 00:38:12.519

Neil Heineman: That's how

390

00:38:13.070 --> 00:38:13.900

Neil Heineman: that's your.

391

00:38:13.900 --> 00:38:15.510

Danielle: \$60.

392

00:38:18.150 --> 00:38:21.419

Tico Sandoval: Well, we just need to do the math on the the count versus the

393

00:38:22.387 --> 00:38:26.220

Tico Sandoval: the estimated count versus the cost right.

394

00:38:26.220 --> 00:38:30.190

Neil Heineman: Subsidize a lot of it. So we we lose about 8 grand on it.

395

00:38:32.760 --> 00:38:39.763

Turin Cox: Yeah, the the approximate cost per person for the for the the food itself.

396

00:38:40.300 --> 00:38:42.339

Turin Cox: last year would have been

397

00:38:42.420 --> 00:38:44.649

Turin Cox: \$47 a head

398

00:38:45.765 --> 00:38:53.249

Turin Cox: and that's not including the essentially \$20 ahead to rent the room. Plus fees plus tax.

399

00:38:54.390 --> 00:39:08.040

Neil Heineman: Yeah, we try to keep it at a certain rate, otherwise people won't come right. So Club eat some. The club beats the awards and all that stuff, but so we try to get it at least close to try to cover the cost of the food

400

00:39:08.460 --> 00:39:09.390

Neil Heineman: in the room.

401

00:39:09.390 --> 00:39:17.399

Danielle: We had 77 paid tickets and Msr. And then \$60 of donations towards

402

00:39:17.410 --> 00:39:19.080

Danielle: the volunteers.

403

00:39:21.260 --> 00:39:21.980

Turin Cox: Okay.

404

00:39:21.980 --> 00:39:23.959

Owner: Are we gonna keep it the same price?

405

00:39:25.890 --> 00:39:28.660

Danielle: It was \$60 each person. So.

406

00:39:29.620 --> 00:39:33.300

Owner: Okay, we wanna keep it at that. Everyone good with \$60 per person.

407

00:39:34.750 --> 00:39:39.349

Louis Stevenson: I was. Did we come out? How did our budget come out on that \$60 last year?

408

00:39:39.350 --> 00:39:42.720

Neil Heineman: Yeah, maybe we should see what the new pricing is.

409

00:39:42.720 --> 00:39:44.119

Turin Cox: Pricing is the same.

410

00:39:44.560 --> 00:39:45.700

Louis Stevenson: So did we.

411

00:39:45.700 --> 00:39:46.400

Neil Heineman: That's true.

412

00:39:47.360 --> 00:39:48.440

Turin Cox: Say that again.

413

00:39:48.660 --> 00:39:50.070

Neil Heineman: The same as last year.

414

00:39:50.070 --> 00:40:04.780

Turin Cox: The the yeah. The pricing has not changed. The room rate is is still \$2,000 flat rate. The the bank. The buffet is \$33 a person. The only thing that went up it was one dollars per person was the carvery

415

00:40:05.435 --> 00:40:11.919

Turin Cox: the carving station. Sorry it went from \$14 to \$15 per person.

416

00:40:12.500 --> 00:40:14.630

Turin Cox: That's it. Everything else has stayed the same.

417

00:40:15.490 --> 00:40:16.250

Turin Cox: And

418

00:40:16.750 --> 00:40:19.759

Turin Cox: because it was this year the the banquet was January.

419

00:40:22.410 --> 00:40:25.930

Owner: So basically, the rate is the same because it's in the same year. Basically.

420

00:40:25.930 --> 00:40:30.600

Turin Cox: Yeah. And they're they're planning on. I think their rate change happens next month.

421

00:40:32.030 --> 00:40:34.509

Turin Cox: So we can lock in our pricing this month.

422

00:40:34.860 --> 00:40:38.444

Owner: Okay, I vote to just keep it at \$60 unless anyone has

423

00:40:38.770 --> 00:40:40.700

Owner: any other ideas on that.

424

00:40:41.500 --> 00:40:56.505

Tico Sandoval: I go for 65. I think that there's been a bit of an increase in expectation that prices kind of go up a little bit, I think a \$65 value for 3 h events, I think, worth it to support the club and to commemorate who's there?

425

00:40:57.190 --> 00:41:05.499

Tico Sandoval: I. It's not a huge steep increase, but I think it's enough to help kind of offset some of the costs that we typically lose. So 65 would be my vote.

426

00:41:08.450 --> 00:41:12.190

Cj: I wanna add that we're doing awards

427

00:41:12.420 --> 00:41:18.919

Cj: etc, for our 50 year anniversary. So I feel like there's probably needs to be a little extra emphasis on that

428

00:41:19.802 --> 00:41:24.640

Cj: not so much as an impact on price, but definitely market it.

429

00:41:25.770 --> 00:41:41.700

Tico Sandoval: Yeah, for sure. 50th is definitely on the on the bucket, which is why we wanted to do a slideshow with a historical account of all the old bikes on there. We'll have shirts that have the 50, th you know, commemoration on it. We'll have some swag for people to buy and support

430

00:41:42.310 --> 00:41:45.699

Tico Sandoval: as well. And then

431

00:41:46.529 --> 00:42:15.829

Tico Sandoval: I think that's pretty much it in regards to the the time from us anyone has other ideas to support a 50.th I mean, it'd be cool if we invited all the historical past. Presidents

maybe do something where we have some sort of memory memorial, or something like that around those areas. If you find an a bike that race back then and bring it up. That would be really cool. You know something that kind of makes it a little bit more special that way. I'm just kind of brainstorming here, but that would be, I think, pretty neat.

432

00:42:16.870 --> 00:42:24.440

Owner: That sounds awesome. Let's have you put out start thinking about putting an email out, how soon do we need to put an email out to all the members to let them know.

433

00:42:24.630 --> 00:42:35.029

Tico Sandoval: We need to have date locked in. We need pricing locked in. We don't want to send multiple messages over things unless it's just to get pictures and stuff like that. But I think if we want to announce it, we want to get

434

00:42:35.510 --> 00:42:42.520

Tico Sandoval: the. We want people to see it and act to say, I wanna a buy, pick, buy a ticket. And then here's here's what I have to contribute to the event.

435

00:42:42.580 --> 00:42:47.620

Tico Sandoval: I think that would be ideal to do it all at the same time versus piecing it all together.

436

00:42:48.500 --> 00:42:50.679

Danielle: Making the events really simple, too.

437

00:42:50.710 --> 00:42:52.199

Danielle: I can do that quickly.

438

00:42:52.630 --> 00:42:53.929

Danielle: And Msr.

439

00:42:54.410 --> 00:42:54.730

Louis Stevenson: Yeah.

440

00:42:54.730 --> 00:43:00.710

Owner: Perfect. Okay, so are we voting for 60 or \$65? Who's down for \$65.

441

00:43:04.120 --> 00:43:04.510

Danielle: I'm good.

442

00:43:04.510 --> 00:43:04.809

Owner: You know.

443

00:43:04.810 --> 00:43:05.570

Turin Cox: 55.

444

00:43:07.860 --> 00:43:10.709

Owner: Okay, do we have any objections to 65.

445

00:43:10.710 --> 00:43:11.430

Louis Stevenson: No.

446

00:43:12.270 --> 00:43:13.350

Cj: No objection.

447

00:43:14.350 --> 00:43:20.960

Owner: Okay, okay? Then, 65. It is. How are we doing on trophies? Who do we? Who's doing trophies?

448

00:43:20.960 --> 00:43:22.099

Cj: Brittany's already got him.

449

00:43:22.890 --> 00:43:24.110

Cj: Oh, no, not.

450

00:43:24.110 --> 00:43:35.380

Tico Sandoval: No, Britney says she's gonna forward it all to me. I'll take care of the trophies. What I do need is the list of the the championship titles, and then get those printed off and and made.

451

00:43:35.770 --> 00:43:37.369

Cj: Yep, I'll get that for you.

452

00:43:39.010 --> 00:43:40.549

Cj: That was Britney. Just so, you know.

453

00:43:42.050 --> 00:43:55.659

Turin Cox: On the on the banquet real quick, and just wanna make sure that we're not. We're not making any more any changes to the the selection, the food selections, or anything from last year. Correct, we're just gonna everybody was happy with everything we had with keeping it the same.

454

00:43:56.060 --> 00:43:58.290

Tico Sandoval: I thought it was pretty good. Yeah, I wouldn't mess with it.

455

00:43:58.670 --> 00:43:59.510

Tico Sandoval: Okay.

456

00:44:01.210 --> 00:44:01.830

Tico Sandoval: every.

457

00:44:02.680 --> 00:44:05.340

Owner: Sounds good. Sounds good. Alright. So Tico.

458

00:44:05.560 --> 00:44:06.250

Owner: go ahead. Sorry.

459

00:44:06.250 --> 00:44:23.479

Turin Cox: Sorry one last thing, and then the the event schedule. Isn't necessarily gonna change, either. We have the space from essentially from 4 Pm. Till midnight, 2 h of setup. Then we get from 6 to 10

460

00:44:23.976 --> 00:44:29.999

Turin Cox: for the for the actual guests, and then we have 2 h to basically shut it down and break it down.

461

00:44:31.060 --> 00:44:33.160

Turin Cox: So we have to be out of that by midnight.

462

00:44:35.300 --> 00:44:36.840

Tico Sandoval: Okay? Who won the overall champion.

463

00:44:36.840 --> 00:44:37.630

Turin Cox: Gosh, yeah.

464

00:44:37.630 --> 00:44:38.710

Tico Sandoval: Was it pink stuff?

465

00:44:40.080 --> 00:44:41.040

Owner: Yes.

466

00:44:41.400 --> 00:44:42.839

Tico Sandoval: Is his bike. Gonna be there.

467

00:44:43.570 --> 00:44:45.510

Owner: No. But do you want me to ask him to bring it.

468

00:44:46.060 --> 00:44:47.729

Tico Sandoval: It'd be kind of cool to have it on stage.

469

00:44:47.730 --> 00:44:50.459

Louis Stevenson: He usually does. So we should do that.

470

00:44:50.680 --> 00:45:00.149

Owner: Okay, perfect. I'll I'll text him soon as we get off. Also, Tico, I want to put out to you that maybe we can have some of those 50th anniversary T-shirts again, and have them in time for

471

00:45:00.470 --> 00:45:05.639

Owner: for the banquet, as well as maybe some regular women T-shirts and other swag.

472

00:45:06.041 --> 00:45:18.189

Owner: Just also let you guys know we had a slam dunk in our in our last round with the T-shirts, and so our expense on the T-shirts and the stickers were about \$750, and we

473

00:45:18.240 --> 00:45:24.219

Owner: finish the weekend, Danielle, just over \$2,000. So

474

00:45:24.960 --> 00:45:26.089

Owner: what is it?

475

00:45:26.090 --> 00:45:28.440

Danielle: It was. It was right, a little over 2,000. Yeah.

476

00:45:28.730 --> 00:45:29.420

Owner: Yeah, so is it.

477

00:45:29.420 --> 00:45:31.329

Danielle: Still got a huge stack of stickers.

478

00:45:32.050 --> 00:45:39.009

Owner: Awesome. So we we basically made money on it. Not that much, but more money to the club is more money to the club.

479

00:45:39.450 --> 00:45:40.730

Tico Sandoval: I mean, like what 600 bucks.

480

00:45:43.630 --> 00:45:51.690

Owner: No, we made like 750 to like, say, like 2,000 minus 750. So we're like, yeah, 12 1,200 around there, plus.

481

00:45:52.930 --> 00:45:54.330

Tico Sandoval: Awesome. Yeah.

482

00:45:54.330 --> 00:46:00.180

Owner: So alright cool. Anything else we got going on about the banquet. Any any other questions, any other comments or anything?

483

00:46:03.760 --> 00:46:18.149

Owner: Nope, okay. Sounds good I appreciate you coming on. Turn if you want to bounce out. It's cool, but you know, if you want to hang out, that's cool, too. But but thanks for chiming us all in and and on the banquet, we really appreciate it. So thanks for all your.

484

00:46:18.150 --> 00:46:27.683

Turin Cox: Of course I'll I'll I will leave. Leave you guys to it. I have a super early start in the morning. I appreciate it, and if anybody has any questions, feel free to reach out. And then, Tika, we can follow up

485

00:46:28.070 --> 00:46:29.539

Turin Cox: later this week.

486

00:46:29.760 --> 00:46:30.900

Tico Sandoval: Sounds good. Thanks.

487

00:46:31.110 --> 00:46:32.279

Tico Sandoval: Thank you. Awesome.

488

00:46:32.280 --> 00:46:39.679

Owner: Thanks again, Taryn, and just let you know that we did sign the I signed contract for it. So we are locked in for that date we are good.

489

00:46:39.730 --> 00:46:44.170

Owner: I believe we had left a deposit with them. Neil. Did we give a deposit to them?

490

00:46:45.350 --> 00:46:49.290

Neil Heineman: I wasn't given the stuff to give him a deposit yet.

491

00:46:49.550 --> 00:46:58.459

Owner: Okay, okay, I think we're still waiting on the number count, too, or something like that. But I did sign the contract. We have the date scheduled December 14th Saturday evening.

492

00:46:59.280 --> 00:47:01.029

Owner: So that's the banquet game.

493

00:47:02.110 --> 00:47:05.890

Owner: Okay? Moving on. Who's next? We got Danielle.

494

00:47:07.810 --> 00:47:18.989

Danielle: So to make the event for Msr. For the banquet, I just need a cover photo, whatever somebody wants me to put in there. If it's whoever won overall, or a banquet photo or 50th whatever we want to put on the cover of it.

495

00:47:22.020 --> 00:47:26.040

Danielle: And then the only other question I have is.

496

00:47:26.210 --> 00:47:30.070

Danielle: it's 2 years for people that have it raced. They lose their numbers. Correct.

497

00:47:30.710 --> 00:47:31.410

Danielle: Yeah.

498

00:47:32.170 --> 00:47:38.957

Danielle: So I've got people that are starting to ask. You know, we kind of gave a little bit of leeway because of covid and stuff like that. But

499

00:47:39.280 --> 00:47:44.470

Danielle: There's people that are starting to come push for 2 digit numbers of people that haven't raced in a while, so

500

00:47:44.660 --> 00:47:50.989

Danielle: we might get some push back. But there's going to be probably 3 or 4 people that I know of right now that are gonna lose their numbers.

501

00:47:53.680 --> 00:47:54.340

Danielle: Okay.

502

00:47:54.340 --> 00:47:56.469

Louis Stevenson: None of them have volunteered 2 rounds.

503

00:47:56.850 --> 00:47:57.660

Danielle: Yeah.

504

00:47:58.300 --> 00:48:01.580

Cj: So the other thing is, did they maintain their license, that during that time, too.

505

00:48:02.860 --> 00:48:12.409

Danielle: Like Doug Lynz hasn't raced since 2019, or even. I think it was before that. Actually, he's maintained his license the entire time. But somebody finally came and asked for his number.

506

00:48:12.410 --> 00:48:21.289

Cj: I will tell you, Doug in particular. I raced with that Mini Moto. He's trying to keep his number. He's maintained his license, so if they maintain their license

507

00:48:21.854 --> 00:48:27.199

Cj: it comes down to if they've raced or done anything else. He was actually a corner worker.

508

00:48:27.650 --> 00:48:30.380

Cj: I think you did corner work. One time this year. Already

509

00:48:31.370 --> 00:48:33.630

Cj: he was. He was at the track so.

510

00:48:33.930 --> 00:48:41.509

Danielle: Okay, I'll just need the information cause. I know there's a few people I'll have to reach out to them then, because there's just a few people that have came up and started asking for numbers.

511

00:48:41.510 --> 00:48:42.160

Cj: Right.

512

00:48:42.550 --> 00:48:45.230

craig: Yeah, correct. Doug did corner work this year.

513

00:48:46.380 --> 00:48:47.070

Danielle: Okay.

514

00:48:48.680 --> 00:48:49.419

Owner: I vote for him.

515

00:48:49.730 --> 00:48:53.661

Cj: And I know he's turned wheels, cause I'm doing it with him this weekend, and we did it last year, too. So.

516

00:48:54.350 --> 00:48:59.679

Owner: Okay, I vote for him to keep it. You know what I mean. I don't know. It's nice having some extra money in our bank account, so.

517

00:48:59.680 --> 00:49:04.020

Cj: It's not even that we just have procedures in place, but he's he's covered. I don't know about the others.

518

00:49:04.440 --> 00:49:08.270

Danielle: Okay, I'll get a list together and reach out and find out. And that's all I have.

519

00:49:08.720 --> 00:49:14.009

Owner: Perfect, awesome, great. Thank you very much. And then, race referee, Lewis, what do we got.

520

00:49:15.300 --> 00:49:23.329

Louis Stevenson: We got rules committee coming up. But I mean, that's already sent out all the information on that, and that's done. So that's not part of this. So.

521

00:49:23.330 --> 00:49:25.059

Tico Sandoval: Did you settle on a date yet, Lewis.

522

00:49:26.110 --> 00:49:29.679

Louis Stevenson: Yeah. Date set. It's the 9th November 9th

523

00:49:29.930 --> 00:49:30.890

Louis Stevenson: Saturday.

524

00:49:31.650 --> 00:49:33.819

Louis Stevenson: All the invitations have been set out so.

525

00:49:34.040 --> 00:49:43.689

Louis Stevenson: and I sent out a link to the a drive, a Google drive with the my agenda for it. And I'm just waiting for people to start commenting. So.

526

00:49:45.210 --> 00:49:46.529

Cj: Have a location yet.

527

00:49:48.001 --> 00:49:51.119

Louis Stevenson: They'll be at my house and on zoom so.

528

00:49:51.500 --> 00:49:52.110

Cj: Okay.

529

00:49:53.230 --> 00:49:55.679

Owner: Just to make a point, Lewis.

530

00:49:56.600 --> 00:49:59.410

Owner: you put your street address, but I didn't see a city.

531

00:50:00.520 --> 00:50:01.190

Louis Stevenson: Auburn.

532

00:50:01.760 --> 00:50:02.430

Owner: Okay.

533

00:50:04.260 --> 00:50:09.039

Owner: okay. Moving on to do you have any other comments, Louis, are you good.

534

00:50:09.530 --> 00:50:10.369

Louis Stevenson: Yeah, I'm good.

535

00:50:10.670 --> 00:50:29.859

Owner: Okay. Awesome, all right. Moving on to novice. Rep. Novice. Rep is not here. I will say that I was down at Thunder hill this past weekend, and I had a nice long talk with Ben Nagai. He is one of the leading guys at Boc bunch of Canadians, and he also is racing with us at Wimra

536

00:50:30.563 --> 00:50:34.306

Owner: He has offered to coordinate with

537

00:50:35.080 --> 00:50:43.089

Owner: Damon in regards to having a potential new racer school in Canada, because there is a lot of interest

538

00:50:43.699 --> 00:50:59.509

Owner: and so we might. I'm gonna follow up with both of them. With Damon and Damon might go up there and maybe do an Nrs school at potentially at Doreen's place in ducati, in Rich Richmond.

539

00:50:59.570 --> 00:51:06.490

Owner: BC. Or we can have them jump online with Damon or one or the other. But if there's enough interest

540

00:51:08.020 --> 00:51:16.489

Owner: to get these Canadians down to come and race with us, you know we might have a Canadian Nrs school, too. So any thoughts on that with anyone.

541

00:51:17.190 --> 00:51:23.470

Tico Sandoval: So they would do the Nrs portion in Canada to get approved to race. Here is that the idea.

542

00:51:23.470 --> 00:51:25.390

Louis Stevenson: Classroom portion. And then

543

00:51:25.940 --> 00:51:28.549

Louis Stevenson: what would they? How would they do the on track.

544

00:51:29.050 --> 00:51:35.719

Owner: They would just do it at the Ridge with us, or wherever we're wherever we're having our Nrs. It would just be the classroom portion.

545

00:51:35.860 --> 00:51:40.439

Owner: and if that, and if there's not enough interest, then they can just chime in on on our

546

00:51:40.480 --> 00:51:43.579

Owner: zoom. You know what I mean, or across the board.

547

00:51:43.890 --> 00:51:48.300

Louis Stevenson: Omar does a Zoom One for for people that are out of the area.

548

00:51:49.330 --> 00:51:50.170

Louis Stevenson: You know.

549

00:51:50.170 --> 00:51:50.450

Cj: So.

550

00:51:50.450 --> 00:51:52.169

craig: We have the last couple of years.

551

00:51:53.340 --> 00:51:58.630

Cj: If we're branching out these other places, we'll need to specify in a rule book about the

552

00:51:58.880 --> 00:52:05.739

Cj: reciprocity kind of stuff, because right now I think we only have 3 clubs where Omar's got like a whole laundry list. But

553

00:52:05.860 --> 00:52:08.550

Cj: the reciprocate things kind of been a

554

00:52:09.190 --> 00:52:11.460

Cj: point of contention this last year. So

555

00:52:11.650 --> 00:52:13.519

Cj: that's something we'll hash out in the rules meeting.

556

00:52:13.650 --> 00:52:16.719

Louis Stevenson: Yeah, that's in the rule. It's already in my agenda.

557

00:52:16.920 --> 00:52:17.990

Cj: Okay. Sounds good.

558

00:52:18.170 --> 00:52:24.549

Owner: Okay, they won't be reciprocity. They'll be Wimera. They'll be wimera licensed. So they're not coming from another club.

559

00:52:25.670 --> 00:52:26.440

Owner: So

560

00:52:26.630 --> 00:52:32.909

Owner: but you know, more more potential races, which is basically what we want. So we'll make it work, and we'll figure it out.

561

00:52:32.910 --> 00:52:35.690

Tico Sandoval: Is there any reason we wouldn't do? Nrs every single round.

562

00:52:38.320 --> 00:52:41.369

Owner: Boy. That's a funny one, because actually, all the clubs that I'm from

563

00:52:41.460 --> 00:52:44.500

Owner: all the other clubs that I'm from. We always did Friday.

564

00:52:44.740 --> 00:52:49.319

Owner: Nrs school. So I'm not sure what are what are other people's feelings on that.

565

00:52:51.900 --> 00:52:57.259

Cj: So I will tell you that the Nrs program is Damon's program. Damon runs it the way he runs it. We don't interfere.

566

00:52:58.610 --> 00:53:03.410

Louis Stevenson: The issue is the on track portion, not the not so much the classroom.

567

00:53:03.410 --> 00:53:08.010

Cj: The the Nrs is the Nrs. Damon and Mark have been

568

00:53:08.030 --> 00:53:12.180

Cj: spearheading the whole deal. We, the the E. Board, has not been one to dictate

569

00:53:12.250 --> 00:53:19.479

Cj: what and when and where it's the novice program. Damon runs a program. He wants to change something. He can

570

00:53:19.750 --> 00:53:24.480

Cj: pitch it to the board, and we go from there. But we I don't. 1 thing I don't want to do is have

571

00:53:24.690 --> 00:53:29.230

Cj: make a bunch of decisions in the E board, especially when he's not here about how the program run.

572

00:53:29.680 --> 00:53:37.159

Tico Sandoval: Yeah, absolutely. I'm just curious in terms of that. Because, every organization I've read the race with also just does that. And it seems like it drives membership

573

00:53:37.499 --> 00:53:43.860

Tico Sandoval: because there's an opportunity to race every round at some level. But I not something. I just yeah. Just curious.

574

00:53:44.790 --> 00:53:45.580

Owner: Cool. We can move.

575

00:53:45.580 --> 00:53:49.367

Cj: We only used to do it once a year. So I mean, it's we're we're making progress.

576

00:53:52.970 --> 00:53:53.330

Owner: Fair enough.

577

00:53:53.330 --> 00:53:59.250

Tico Sandoval: Mark you, you've been around for a long time. Have we ever done anything more than the one or twice a year.

578

00:53:59.250 --> 00:54:14.400

EmDee35: In the when I was novice Rep. For about 8, 9 years we did 2. We did one in the spring, and one in the kind of the July timeframe it's just usually demand. And now that we're doing the Fridays, and it's warm as days. Their track day on Friday that I run for them.

579

00:54:14.520 --> 00:54:19.589

EmDee35: If those days the Ridge you guys want to do and we can make it happen. It's just timeframe and fitting it in.

580

00:54:19.900 --> 00:54:25.029

EmDee35: We can usually fit it in with everything going on. The only issue is the race, SIM,

581

00:54:25.050 --> 00:54:38.480

EmDee35: because you almost need a session dedicated to that. So we could certainly trim sessions down and make it happen. It's if you guys want it, I'll make it happen. Put it that way. So like like Cj. Said, it's Damon's kind of decision, but if he's for it we'll make it happen.

582

00:54:39.090 --> 00:54:44.090

Owner: Cool, and we can bring this up next time in the next meeting, and and get Damon up to

583

00:54:44.140 --> 00:54:49.219

Owner: up to speed with it, and then he can make the decision because it is his. It's his deal. So

584

00:54:49.390 --> 00:54:51.220

Owner: sounds good, all right.

585

00:54:51.380 --> 00:54:56.140

Owner: So novice rep moving on sounds good. We got riders. Rep. What do we got going on? Don.

586

00:54:57.240 --> 00:55:05.120

Don: Yeah, so not a whole lot. I just wanna one last follow up. On the whole, Adam Fawcett disqualification from that race last year

587

00:55:05.460 --> 00:55:13.840

Don: or this year, I suppose, was a couple of rounds ago, and I don't know if we ever formally replied back to his appeal. I know we pretty much universally said, no.

588

00:55:14.030 --> 00:55:19.169

Don: but I don't know if we actually formally replied back I know that was Cj.

589

00:55:19.170 --> 00:55:25.920

Cj: No colt was supposed to respond to him because there was a field meeting. So that's on the President. I want to say he did, but he may not have

590

00:55:26.140 --> 00:55:26.890

Cj: okay.

591

00:55:28.870 --> 00:55:29.510

Don: Alright

592

00:55:30.150 --> 00:55:32.330

Owner: Do you want me to reply back to him and tell him.

593

00:55:32.330 --> 00:55:36.020

Cj: I would ask you to reach out to colt and then close that loop with colt.

594

00:55:36.400 --> 00:55:37.240

Don: Yeah.

595

00:55:37.240 --> 00:55:37.649

Owner: Oh! Perfect!

596

00:55:37.650 --> 00:55:42.390

Don: The the penalty up is was with upheld, so.

597

00:55:43.970 --> 00:55:45.270

Owner: Okay. Sounds good.

598

00:55:45.270 --> 00:55:56.410

Don: The motion I was gonna make was if there was any money left over in the injured rider fund was to move it over into the Air Fence Fund, but it sounds like or other safety fund. But if there's not any left in there, then I guess that kind of point is moot

599

00:55:57.750 --> 00:55:59.780

Don: Beyond that

600

00:56:00.190 --> 00:56:01.539

Don: I don't really have anything else.

601

00:56:03.360 --> 00:56:11.380

Owner: Okay, awesome. Thanks. Don. Appreciate it. Moving on, we got Secretary, which is Mallory Dobbs. Does anyone want to chime in for Mallory of what's going on.

602

00:56:13.600 --> 00:56:14.240

Owner: Think.

603

00:56:14.900 --> 00:56:18.929

Cj: So Britney's been doing secretary duties most of this year, so I'll give it to her.

604

00:56:19.270 --> 00:56:21.030

Cj: I have nothing. Okay.

605

00:56:21.860 --> 00:56:28.560

Owner: Awesome perfect moving on. Okay? And then we got treasurer. We got Neil, Neil. What you got going on.

606

00:56:29.880 --> 00:56:34.880

Neil Heineman: Now let's see. So Tico, I got you paid. You should see that here next week.

607

00:56:36.140 --> 00:56:38.000

Tico Sandoval: Oh, for the the.

608

00:56:38.000 --> 00:56:38.920

Neil Heineman: For the shirts.

609

00:56:38.920 --> 00:56:39.760

Tico Sandoval: Okay. Great.

610

00:56:40.120 --> 00:56:40.960

Neil Heineman: Right?

611

00:56:41.830 --> 00:56:46.829

Neil Heineman: and then so yeah, I shared the before the performance for 2024.

612

00:56:47.120 --> 00:56:50.310

Neil Heineman: The Pdf. Did everybody see that

613

00:56:53.650 --> 00:56:57.319

Neil Heineman: the with the realm performance. I updated it.

614

00:56:57.390 --> 00:56:59.090

Neil Heineman: and it showed the

615

00:56:59.620 --> 00:57:03.920

Neil Heineman: the loser. Rounds were round, one at the ridge round 5 and round 7,

616

00:57:04.270 --> 00:57:06.150

Neil Heineman: and I did those in red

617

00:57:06.590 --> 00:57:09.468

Neil Heineman: to show we were in the red for those, and then

618

00:57:09.790 --> 00:57:13.959

Neil Heineman: around 3 and 4 at the ridge where the money makers

619

00:57:13.970 --> 00:57:18.359

Neil Heineman: relative they well, both of them 19,000 each in profit.

620

00:57:18.400 --> 00:57:19.590

Neil Heineman: Wow.

621

00:57:19.960 --> 00:57:26.160

Neil Heineman: yeah, huge. And then, yeah, the last round of Pacific. We lost 12,000. Wow!

622

00:57:26.845 --> 00:57:36.630

Neil Heineman: The 1st round at the ridge we lost 2,000, which was not too bad. If at Pacific I think we could lose a lot more for the 1st round. But.

623

00:57:37.551 --> 00:57:39.438

Neil Heineman: let's see how the

624

00:57:40.020 --> 00:57:41.850

Neil Heineman: double points work out there.

625

00:57:42.450 --> 00:57:47.490

Tico Sandoval: That was that 1st red round was like the wet round right where it was just like downpouring.

626

00:57:48.270 --> 00:57:49.439

Tico Sandoval: That was miserable.

627

00:57:50.510 --> 00:57:52.330

Tico Sandoval: Surprised. We didn't lose more to be honest.

628

00:57:52.620 --> 00:57:53.270

Tico Sandoval: Hey?

629

00:57:53.800 --> 00:57:56.930

Neil Heineman: That's not bad for a wet round. Then to almost break even.

630

00:57:59.240 --> 00:58:01.500

Louis Stevenson: How did you share that, Neil? I haven't seen it.

631

00:58:02.040 --> 00:58:03.879

Neil Heineman: I sent it through email.

632

00:58:06.720 --> 00:58:07.325

Neil Heineman: But.

633

00:58:07.930 --> 00:58:12.430

Danielle: It initially went to the junk folder because of the attachment. So check your junk folder.

634

00:58:16.070 --> 00:58:19.799

Neil Heineman: And then, let's see, I sent around the balances as well.

635

00:58:22.470 --> 00:58:23.180

Tico Sandoval: Yep.

636

00:58:24.400 --> 00:58:25.500

Tico Sandoval: junk folder.

637

00:58:25.630 --> 00:58:29.149

Neil Heineman: So checking 51,473

638

00:58:29.250 --> 00:58:31.540

Neil Heineman: savings, 32,000,

639

00:58:31.940 --> 00:58:38.710

Neil Heineman: oh, 1,400 on the credit card. So in pretty good shape. All the deposits have been sent.

640

00:58:40.850 --> 00:58:43.210

Neil Heineman: so yeah, we're we're good to go, and

641

00:58:44.330 --> 00:58:47.399

Neil Heineman: no big expenditures. For

642

00:58:47.860 --> 00:58:49.210
Neil Heineman: several months.

643
00:58:49.950 --> 00:58:50.300
Owner: Awesome.

644
00:58:50.300 --> 00:58:53.830
Neil Heineman: Insurance, which is in March or April, so we're pretty good to go.

645
00:58:54.050 --> 00:58:56.869
Owner: What's the difference between our checking account and our savings account?

646
00:58:58.270 --> 00:59:01.740
Neil Heineman: The savings are the is the air offense funds.

647
00:59:02.690 --> 00:59:03.450
Owner: Gotcha.

648
00:59:03.450 --> 00:59:07.549
Neil Heineman: So we put that in savings, and the only time we borrow from it is to

649
00:59:08.179 --> 00:59:11.910
Neil Heineman: fund cash flow differences. But then it always gets replenished to

650
00:59:12.580 --> 00:59:14.760
Neil Heineman: to savings.

651
00:59:16.171 --> 00:59:20.510
Neil Heineman: And we have to use it for timing differences for the Ridge.

652
00:59:20.710 --> 00:59:23.009
Neil Heineman: because we have to pay a month in advance.

653

00:59:23.830 --> 00:59:27.850

Neil Heineman: We never used to have to pay in advance until like that.

654

00:59:28.290 --> 00:59:29.559

Neil Heineman: 2 years ago

655

00:59:30.230 --> 00:59:37.260

Neil Heineman: we always could pay at the round. So we were. We would always get like a few days or a week of

656

00:59:37.430 --> 00:59:42.929

Neil Heineman: race entries coming in, and then we could pay at the round. Now they want it 30 days in advance. So

657

00:59:44.740 --> 00:59:50.819

Neil Heineman: yeah, it's we gotta float it from savings. But otherwise, yeah, we have the cash. We're doing good.

658

00:59:52.860 --> 00:59:53.470

Tico Sandoval: Awesome.

659

00:59:54.130 --> 00:59:56.499

Owner: Awesome. Great! Is there anything else you wanna

660

00:59:56.590 --> 00:59:57.870

Owner: contribute, Neil.

661

01:00:00.190 --> 01:00:00.990

Neil Heineman: No.

662

01:00:01.470 --> 01:00:02.949

Neil Heineman: no, I think we're fine.

663

01:00:04.230 --> 01:00:08.399

Owner: Okay, awesome. I got a couple other little things. Let's see here.

664

01:00:08.730 --> 01:00:14.670

Owner: I've had some talk about some people want to do to make our club motor America sanctioned.

665

01:00:15.231 --> 01:00:19.340

Owner: What do we do get need to do that? And is that something we want to pursue.

666

01:00:22.300 --> 01:00:25.110

Cj: We've we've talked about this in the past, and it's been

667

01:00:25.614 --> 01:00:33.300

Cj: extremely, extremely expensive, which drove our writer costs up, which is the driving force of why we have not.

668

01:00:34.650 --> 01:00:37.659

Don: And so lose our ability to set our own rules.

669

01:00:37.660 --> 01:00:43.100

Cj: And yeah, and they control all of our operations. And there's a whole lot more involved.

670

01:00:43.710 --> 01:00:47.659

Cj: it's not been in our interest to do so in the past.

671

01:00:48.750 --> 01:00:49.839

Louis Stevenson: What's up, Chris?

672

01:00:49.960 --> 01:01:02.249

Chris Wilcox: Yeah, yeah, I'm curious. Cj, did you work on that in the past like, I've heard some of this before, too. But I've not known anyone that's actually reached out because the problem.

673

01:01:02.250 --> 01:01:09.800

Cj: Colt on it. A few years ago. And they basically wanted to control everything that we do and how we did it, and

674

01:01:10.305 --> 01:01:20.660

Cj: and almost doubled our costs at the time, and it was pre covid. So yeah, it hasn't been addressed since then. I don't see it being any better. Honestly.

675

01:01:21.572 --> 01:01:33.739

Chris Wilcox: It might be worth when we. So I know you're also heading down a check, both cowboy down there, and Dustin Coyner, who does Cra as well. They are associated

676

01:01:33.810 --> 01:01:49.840

Chris Wilcox: like they're considered charter clubs. It'd be interesting understanding how they managed it, because I don't imagine either of those are paying substantial funds. They also all have their own rule book. So that said, like, half of this stuff is, you know, backroom deals. So Lord knows what's actually going on. But it would be interesting to understand.

677

01:01:50.290 --> 01:01:57.559

Cj: Send me their info, and when I'm down there next weekend I will definitely reach out and try to have conversations, because I'm trying to

678

01:01:57.620 --> 01:02:01.680

Cj: bridge some stuff with Cra while I'm down there as well.

679

01:02:02.190 --> 01:02:18.299

Chris Wilcox: Yeah, I've been. I've been poking. I tried to get Dustin to tell me things, but he's running all over so. But yeah, there, I'll give you their contact. Info they do get good deals, apparently with insurance and stuff. So it is worth that. The rule book stuff to me is more bothersome, honestly. But yeah, I'll get you their contact info. I've been poking them because I've also been curious.

680

01:02:19.050 --> 01:02:19.900

Cj: Sounds good.

681

01:02:20.090 --> 01:02:28.369

craig: One of their previous demands was that every Wimra member become an Ama. Member, and that was a big, sticking point.

682

01:02:31.470 --> 01:02:32.580

Don: 30 bucks.

683

01:02:34.930 --> 01:02:35.840

Owner: Okay.

684

01:02:36.020 --> 01:02:39.310

Owner: Alright. Are we done with that? The motor America stuff?

685

01:02:40.940 --> 01:02:47.290

Owner: anything else that anyone else wants to contribute for anything? Because we are sounds like we went through everything.

686

01:02:47.320 --> 01:02:57.910

Owner: At least, I went through everything on my list. We are at 8 0. 6, so we're pretty much right at the hour. Mark. Does anyone have anything else they want to contribute or to discuss over.

687

01:02:58.370 --> 01:02:59.739

craig: Quick question, compy.

688

01:03:01.308 --> 01:03:10.250

craig: For our schedule for the upcoming year. Do we at the Ridge, do we? Did we retain all of the Fridays before

689

01:03:10.580 --> 01:03:11.800

craig: the weekends.

690

01:03:13.710 --> 01:03:17.170

Owner: Yes, my understanding is yes, Mark, you want to chime in on that.

691

01:03:18.140 --> 01:03:20.640

craig: And then the second part would be, what about pacific.

692

01:03:22.152 --> 01:03:31.609

EmDee35: The contract, I don't I? I did not get the Fridays under my contract. It's been Tracy's policy since Carol and I battled over that, and then there's a whole shit show happened that she wouldn't rent the track

693

01:03:31.770 --> 01:03:43.669

EmDee35: to attract it over on Friday, because the stink carol made so she made warmer rented. So that's why warmer gets the Fridays at the Ridge, and I believe that's on the Ridge contract, although I haven't seen the rich Contract Company. That's for something you'd know.

694

01:03:43.690 --> 01:03:54.500

EmDee35: And John did give me the Fridays at Pacific. I have not got a contract from him, but he told me. He gave me the 2 rounds we have at Pacific, the Fridays for that. So that's what I this point Yup.

695

01:03:54.850 --> 01:03:55.520

craig: Sweet.

696

01:03:56.110 --> 01:03:57.450

Owner: So it sounds like, that's a.

697

01:03:58.390 --> 01:04:02.709

craig: Don't have to do back backdoor deals with the car guys to get them to move.

698

01:04:03.400 --> 01:04:13.240

Owner: At Pacific. Exactly. Yeah. And we we do. I have the contract. Anyone wants to see the contract for the for the Ridge. Let me know I have it, and we that is, including

699

01:04:13.320 --> 01:04:20.039

Owner: the Fridays for those 3 dates, which is April 18, th through 20 June, through 20, through 20, second, and July

700

01:04:20.220 --> 01:04:26.070

Owner: 18, through 20.th And then I will email everyone the official

701

01:04:26.160 --> 01:04:29.493

Owner: schedule for next year, including

702

01:04:30.380 --> 01:04:35.899

Owner: including Omra as well. And then we can decide if we want to go public with it quite yet or not, but

703

01:04:36.620 --> 01:04:42.379

Owner: I'm not sure if we want to go public with it. But I'll discuss that with Jason Iverson, president of Omar, and then we'll decide.

704

01:04:42.910 --> 01:04:43.480

Owner: But

705

01:04:44.190 --> 01:04:45.120

Owner: but yeah.

706

01:04:45.500 --> 01:04:48.180

Owner: anything else that anyone wants to discuss at all.

707

01:04:48.550 --> 01:04:59.319

Tico Sandoval: I just had a really quick question to make sure everyone's getting the emails through those basic links on the Walmar page. So 1st Vp, at Walmar. Second Vp

708

01:04:59.390 --> 01:05:02.239

Tico Sandoval: rider. Rep, are you guys receiving those emails?

709

01:05:02.240 --> 01:05:02.760

Louis Stevenson: Yes.

710

01:05:02.760 --> 01:05:04.919

Tico Sandoval: Through those effectively.

711

01:05:05.320 --> 01:05:09.039

Tico Sandoval: Okay, just wanna make sure everyone's names. And it's correlating correctly. Because I got

712

01:05:09.180 --> 01:05:11.610

Tico Sandoval: I working on again website stuff. So

713

01:05:11.980 --> 01:05:13.610

Tico Sandoval: making sure thanks, guys.

714

01:05:14.630 --> 01:05:23.120

Cj: I somehow managed to find the. I got the invite on my phone direct to my calendar. But the invite went to my spam folder my email. So I don't know what happened. There.

715

01:05:24.720 --> 01:05:30.819

Tico Sandoval: Yeah, I don't know. It's my company, Kaplan that might have gone to spam for that. For some reason I don't know.

716

01:05:33.260 --> 01:05:43.430

craig: Also, if anybody wants in the chat before we close up, I uploaded the 3 documents in there of the 24 bylaws and that definitely.

717

01:05:43.430 --> 01:05:43.860

Louis Stevenson: Drive, now.

718

01:05:43.860 --> 01:05:50.530

craig: Put together. So if anybody wants those documents, grab them before the meeting's over.

719

01:05:51.020 --> 01:05:53.919

Louis Stevenson: They're already shared onto a folder on the Google drive.

720

01:05:53.920 --> 01:05:54.790

craig: Perfect.

721

01:05:56.960 --> 01:05:59.940

Danielle: Can you send me the Google drive? I don't think I have that.

722

01:06:00.400 --> 01:06:01.060

Louis Stevenson: Yeah.

723

01:06:03.840 --> 01:06:19.299

Tico Sandoval: Okay. When this is done the recording go out. I'll send it to everybody on this list. So you have a copy of it. In case you want it, and it should have all the I think it tracks all the like the actual talking to in terms of footprint. So someone wanted to copy and paste it into

724

01:06:19.330 --> 01:06:23.089

Tico Sandoval: an actual meeting notes and all that kind of stuff. It could be done.

725

01:06:24.850 --> 01:06:29.740

Owner: Awesome. Well, perfect, awesome. Great. Our next meeting is going to be.

Chris Wilcox: Is, that is, that election day.

731

01:06:50.800 --> 01:06:52.359

Don: Day, after.

732

01:06:55.670 --> 01:07:05.289

Chris Wilcox: Just making sure not to have a very awkward meeting, that's all. Like, while everyone's like watching their TV and watching a bunch of people say the same thing on. Repeat every 5 min. You're not, you know, just curious.

733

01:07:05.570 --> 01:07:07.860

Owner: That's day after election day.

734

01:07:10.040 --> 01:07:19.230
